

ARTIST'S STANDARD OPERATING PROCEDURES

STEP-BY-STEP TATTOOING OPERATIONS

CONSULTATION

1

Meet with the client to discuss their desired tattoo.

- Answer questions about the process.
- Collaborate on a custom design if needed.
- Print a stencil of the final design.

APPLYING STENCIL:

3

- Cleanse and prepare the skin.
- Shave the area if necessary.

Accurately place the stencil on the skin, then double-check its position.

AFTERCARE:

5

- Apply a protective film to the finished tattoo
- Provide a QR code for detailed aftercare instructions, and verbally explain the aftercare process.

PREPAIRING THE SETUP:

- Hygiene First: Clean hands, sterile gloves, disinfected surfaces.
- Sanitize the workspace and equipment.
- Clean trolley, accessible supplies, protected equipment.

Keep supplies clean and within reach for efficient tattooing.

4

TATTOO PROCEDURE

- Use machine to carefully create the design onto the client's skin.
- Uphold a consistently clean work environment.
- Change gloves frequently to ensure proper hygiene.
- Scheduled breaks during the tattooing session to allow the client to rest

6

HAPPY ENDING

- Appreciate every client visit at the end of each session.
- Ask them to share their feedback on Google.
